

In this lesson we will learn the use of pronouns in the pair that shows relations. For example, we will take بَيْتُ اللَّهِ instead of بَيْتُهُ.

- There will be an effect on pronouns: نَا، كُمْ، ي، ك، هُمْ، هُ، هِ. Let us use this pair in sentences and practice with TPI.

examples	states		
هَذَا بَيْتُهُ	Original state (رفع state)		بَيْتُهُ
دَخَلَ زَيْدٌ بَيْتَهُ	When there is effect (نصب state)		بَيْتَهُ
زَيْدٌ فِي بَيْتِهِ	After preposition (جر state)		بَيْتِهِ

Note: For the third case, instead of بَيْتَهُ it is read بَيْتِهِ for the convenience.

- Let us take another examples with a female pronoun.

examples	states		
اللَّهُ رَبُّهَا	Original state (رفع state)		رَبُّهَا
أَعْبُدُ رَبَّهَا	When there is effect (نصب state)		رَبَّهَا
أَعُوذُ بِرَبِّهَا	After preposition (جر state)		رَبِّهَا

- Let us look at the effect of preposition on such pairs.

If you have مِنْ + a pair of relation		
مِنْ رَبِّهِ	←	رَبُّهُ
مِنْ رَبِّهِمْ	←	رَبُّهُمْ
مِنْ رَبِّكَ	←	رَبُّكَ
مِنْ رَبِّي	←	رَبِّي
مِنْ رَبِّكُمْ	←	رَبُّكُمْ
مِنْ رَبِّنَا	←	رَبِّنَا
مِنْ رَبِّهَا	←	رَبُّهَا

If you have بِ + a pair of relation		
بِرَبِّهِ	←	رَبُّهُ
بِرَبِّهِمْ	←	رَبُّهُمْ
بِرَبِّكَ	←	رَبُّكَ
بِرَبِّي	←	رَبِّي
بِرَبِّكُمْ	←	رَبُّكُمْ
بِرَبِّنَا	←	رَبِّنَا
بِرَبِّهَا	←	رَبُّهَا
